JESUS CHRIST---The Way

"Jesus saith unto him, I am THE WAY, the truth, and the life: no man cometh unto the Father, but by me." John 14:6

To a talented and consecrated couple who have won the hearts of all BSC, as well as many friends throughout America, we DEDICATE this 1958 Sentinel.

Through many long hours of hard work and prayer Rev. and Mrs. Earl Johnson have won a place close to the heart of every student. They have given unselfishly of their time as well as themselves.

Though Brother and Sister Johnson are directors of the music department, their ministry is not limited to that work only. They have become friends and counsellors, entering into almost every phase of school life.

To a couple whose lives have been a great inspiration, we express our love and appreciation. May God's blessings be upon them.

Dedication

"All Roads Lead To Bible Standard College"

Each fall the roads of America, whether great highways or small winding trails, bring many students to the halls and classrooms of Bible Standard College. Three years of spiritual growth, academic study, and practical activity helps to make the young person qualified for many walks of life. Each Spring many positions are filled by lives completely dedicated to the cause of Christ, thoroughly trained in the Word of God.

It may be home for vacation, or off on DVBS work, but whatever the occasion, the old Greyhound can look pretty good.

In plotting the course of students traveling the many highways and pathways of life many masters are required. For all well-planned courses there are those who map the way, those who plan, those who work, and those who oversee.

Included in the faculty and administrative staff of Bible Standard College are those men and women who have given their lives over entirely to God to be used in whatever capacity He leads.

Standing, left to right: David Land, Harold F. Powers, Sr., E. J. Fulton, W. Rollie Clark. Not pictured, Herb Bradshaw, Jack Linn, Theron Tousley.

Directing The Way

Many important decisions concerning the policies and government of Bible Standard College rest upon the hearts of the Board Members.

Their experience gained from various walks of life help to qualify them for the very responsible position of working in this capacity.

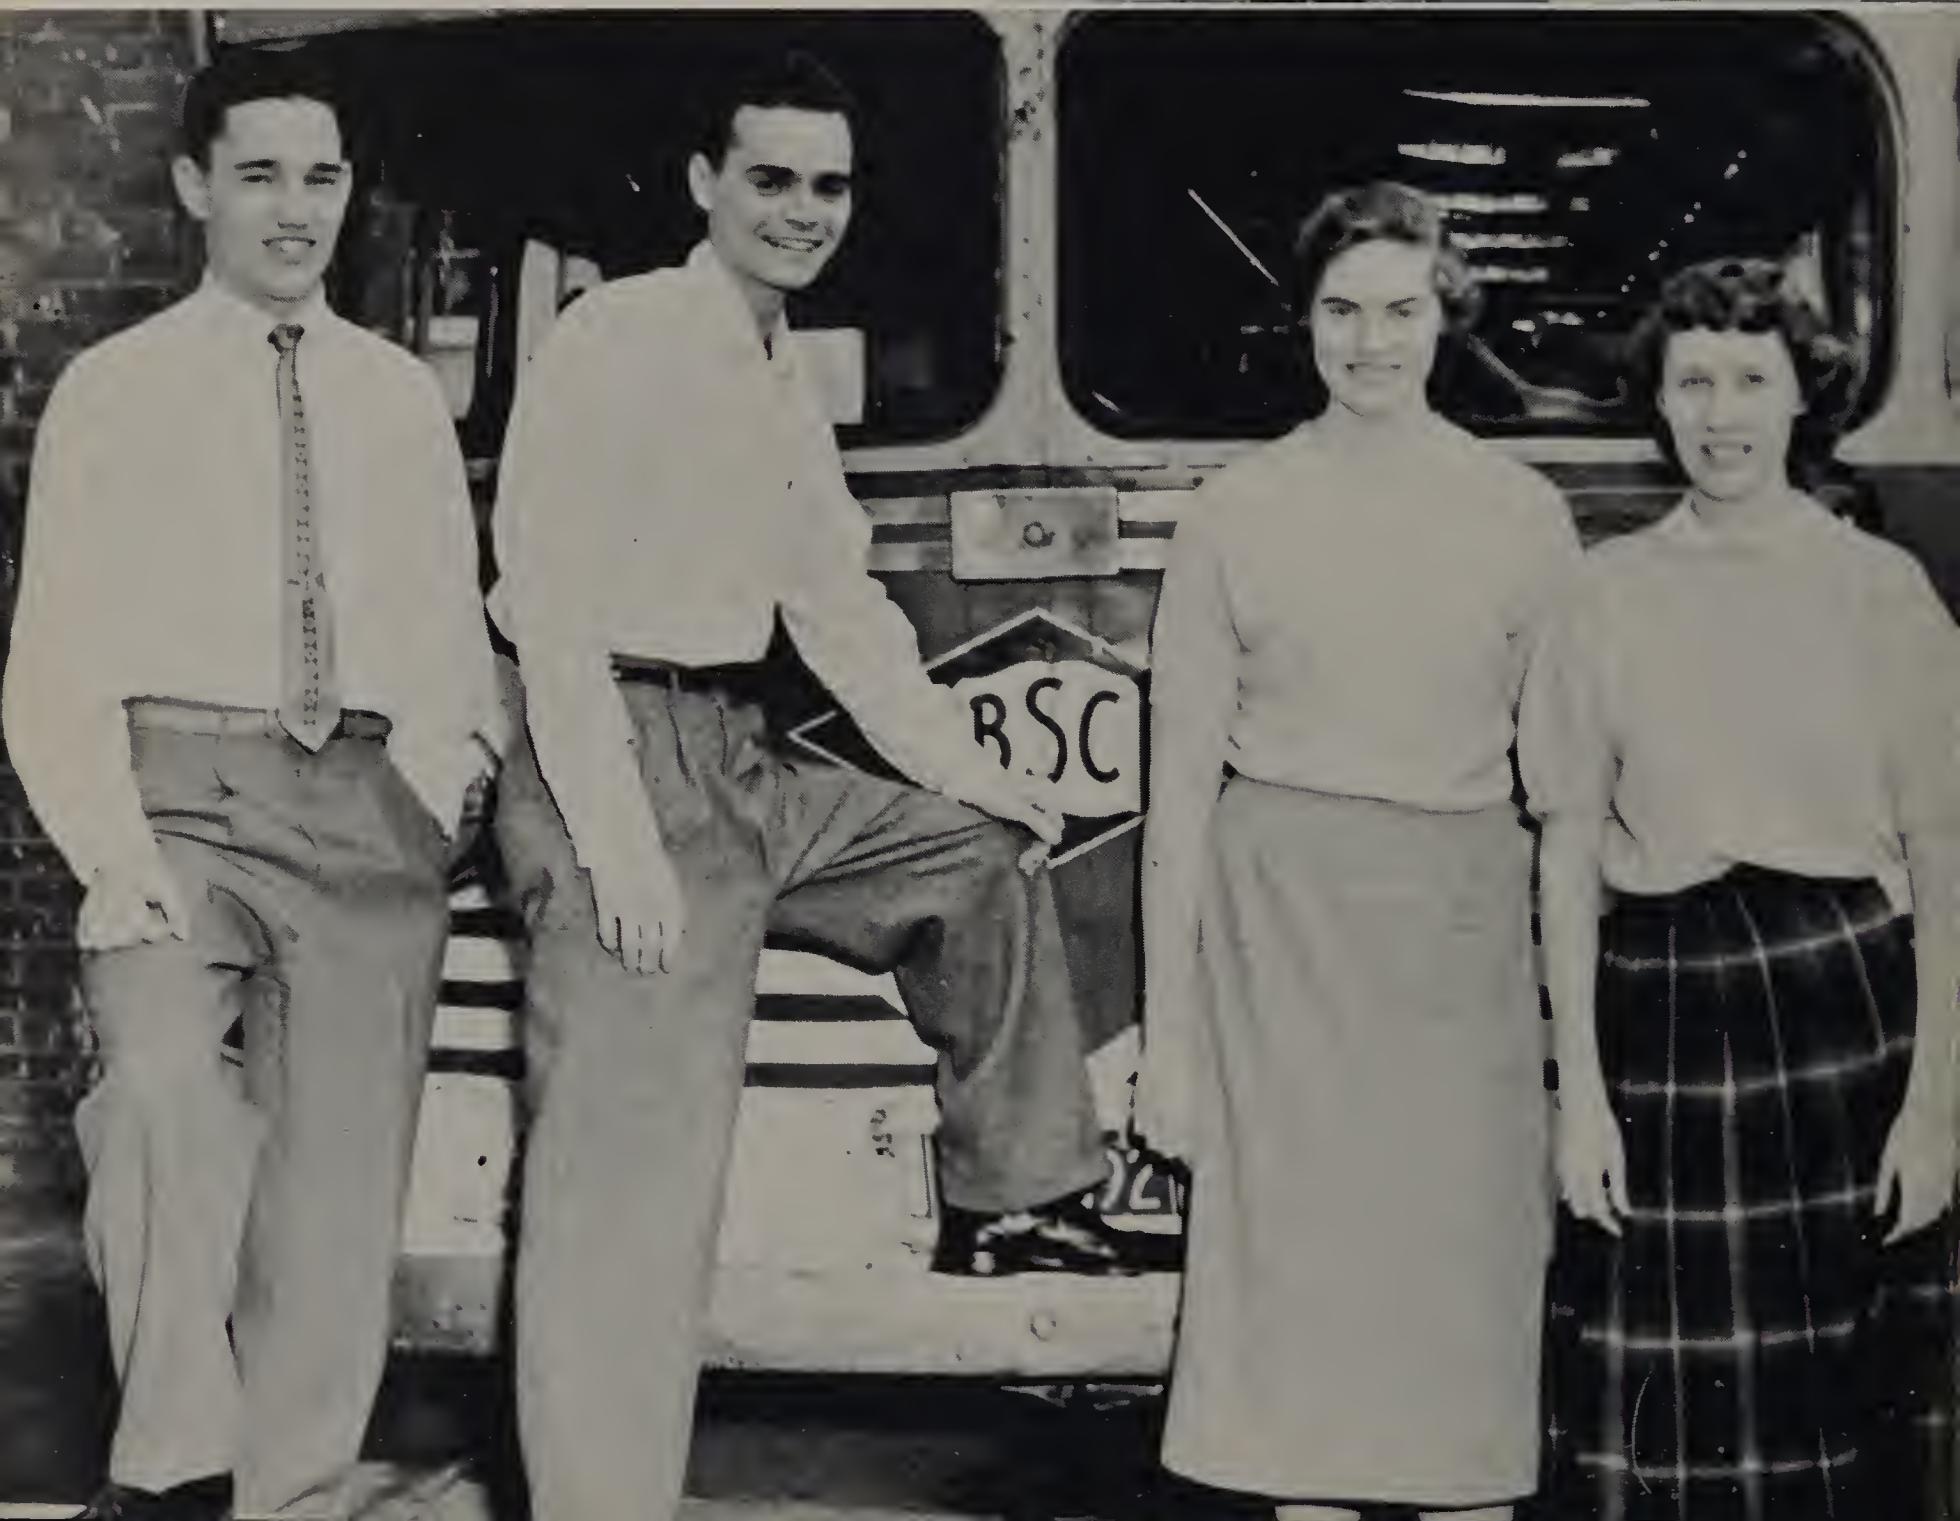

With many of the students coming from churches pastored by some of these men an even greater understanding of youth is gained. They not only handle matters of business, but many times show themselves true friends through acts of kindness and love.

Scanning The Way Ahead

Student Body Officers scan the roads ahead in anticipation of what the future holds for BSC students as well as for the school itself. Each year is one of spiritual and intellectual growth.

Student Body Officers. Left to right; Monte Wagner, Vice-president; Tommy Xanthos, President; Adele Gibson, Treasurer; Carol Bjerke, Secretary.

Charting The Way

Forming the policies and government of student body affairs, the Student Council of Bible Standard College, charts the way to a successful future for the school as well as each life concerned. Student Council is composed of the four elected officers from each class, and the four student body officers.

"The Way"

Theme Of Our Hearts

When God puts a call in the heart of a young man or woman it matters not whether the way ahead is a beautiful modern, paved freeway, or if the way is only a rugged, narrow, unbeaten path. Jesus Christ is **THE WAY**. Students have found that if needs be He can make a way where there is no way.

THE WAY, theme of 1958 Sentinel, is also the theme in the hearts of all students as they prepare their lives for full-time service.

When burdens press, when the enemy comes in like a flood, when the whole world seems topsy-turvy . . . Jesus Christ is **The Way**. He is the answer to every problem, large or small.

The valley experiences that come to the student many times while he is yet in BSC teaches him to walk by faith, down many a darkened path—trusting only in God to lead the way.

Upon leaving the halls of BSC many young people have already learned that Jesus leads **THE WAY**. Some are led into missionary endeavor, some to be pastors, others work in the field of music, and still others to challenge the lives of youth and children.

The leadership of the Christian Church of tomorrow will rest upon the lives of young people who have been trained in **THIS WAY**.

Telling

Tom Eakes, chairman of practical work.

Telling the story of Christ and salvation is probably one of the greatest blessings that can come to an individual. This has become a part of the every day life of students. Each year many souls are won to the Lord through street-meetings, personal work, mission endeavor and ministry in hospitals, nursing and retirement homes.

Students leave Garber's Nursing Home following a successful Sunday afternoon's service.

Kenneth Long fulfills his practical work requirements through library work.

The Way

The work accomplished, and the experience gained make this one of the most worthwhile departments of Bible Standard College. Without a vision the people perish, and this can be just as true in a school as anywhere else, therefore the leaders feel this is most valuable to any Christian institution.

Alumni Council Makes A Way

Representing all the graduates of Bible Standard College, the Alumni Council forms a group which promotes the cause of Christ, and waves high the banner of their Alma Mater.

Alumni President, Ray Rexius, also a pastor, spends much time in search of suitable sermon material to be used in his pioneer church.

Lucille Boehmer, Secretary and Treasurer, scans a magazine in search of good promotional ideas.

Don Huey, Vice-president, gives back bone and strength to any program of which he is a part.

Homecoming, November 11, 1957, was an occasion for many graduates and faculty members to renew fellowship over a banquet table, and later attend the coronation of BSC's Harvest Queen.

Mu Lambda Phi's Way

Where there's a will, there's a way—so it is with the married ladies of Bible School. Amid the many responsibilities of school and home life the married ladies meet bi-weekly in members' homes where they receive instruction and helps for a future ministry. Officers preside over the meeting and at each service a devotional time is led by one of the ladies.

Community Bible Course

For students who must work full time and for those who cannot carry a full college academic load, the Community Bible Course has answered many needs.

Many local Sunday School teachers and those desiring a greater knowledge of the Word came for those subjects which helped them most in their particular field of interest.
